## Schedule at a Glance

### Saturday, February 3
- **7:00 AM–7:50 AM**
  - Continental Breakfast
  - Complimentary breakfast for all attendees
- **8:00 AM–5:15 PM**
  - Fundamentals of Endovascular Therapy Symposium
- **10:15 AM–1:30 PM**
  - CIO Exhibit Hall
  - Complimentary break refreshments and lunch for all attendees

### Sunday, February 4
- **7:00 AM–7:50 AM**
  - Continental Breakfast
  - Complimentary breakfast for all attendees
- **8:00 AM–4:00 PM**
  - Symposium on Non-Invasive Vascular Diagnosis
  - Pre-registration required; seating is limited
- **10:00 AM–1:30 PM**
  - Interventional Oncology (CIO)
  - A FULL DAY
- **10:45 AM–1:30 PM**
  - ISET Exhibit Hall
  - Complimentary break refreshments
  - Sessions 1 (non-accredited)
- **1:35 PM–2:15 PM**
  - ISET General Session

### Monday, February 5
- **7:00 AM–7:50 AM**
  - Continental Breakfast
  - Complimentary breakfast for all attendees
- **8:00 AM–9:30 AM**
  - ISET General Session
- **9:30 AM–10:45 AM**
  - Industry Supported CME Symposia
  - Complimentary breakfast; seating is limited
- **11:40 AM–12:25 PM**
  - ISET General Session

### Tuesday, February 6
- **7:00 AM–7:50 AM**
  - Continental Breakfast
  - Complimentary breakfast for all attendees
- **8:00 AM–9:30 AM**
  - ISET General Session
- **9:30 AM–10:45 AM**
  - Industry Symposia
  - Complimentary break refreshments
- **10:50 AM–11:35 AM**
  - ISET Exhibit Hall
  - Complimentary break refreshments

### Wednesday, February 7
- **7:00 AM–7:50 AM**
  - Continental Breakfast
  - Complimentary breakfast for all attendees
- **8:00 AM–9:30 AM**
  - ISET General Session
- **11:40 AM–12:25 PM**
  - Industry Sessions (non-accredited)
  - Residents/Fellows’ Lunch Session: Career Roundtable
- **12:30 PM–1:30 PM**
  - ISET Exhibit Hall
  - Complimentary lunch for all attendees

---

The legendary live cases are a hallmark of ISET. The fundamental value proven years ago still remains today: Live case education, when properly done, provides the most effective way of teaching skilled physicians to build on their own foundation with new technologies and approaches that improve patient care.

Barry T. Katzen, MD, FACC, FACS, FSIR
Interventional Radiologist
ISET Course Director
Saturday, February 3

7:00 AM–7:50 AM  
Continental Breakfast
Complimentary breakfast for all attendees

8:00 AM–5:15 PM  |  FULL DAY
Fundamentals of Endovascular Therapy Symposium
Complimentary breakfast; seating is limited

8:00 AM–5:15 PM  |  FULL DAY
Nurses and Technologists Symposium: Innovations in Cardiac and Vascular Care
Complimentary live case scanning; seating is limited

8:00 AM–7:50 AM  
Continental Breakfast
Complimentary breakfast for all attendees

Sunday, February 4

7:00 AM–7:50 AM  
Continental Breakfast
Complimentary breakfast for all attendees

8:00 AM–4:00 PM  |  FULL DAY
Symposium on Non-Invasive Vascular Diagnosis
Complimentary live case scanning; seating is limited

1:35 PM–4:00 PM  |  HALF DAY
Symposium on Access and Closure: The Keys to a Successful Endovascular Procedure
Pre-registration required; seating is limited

10:15 AM–1:30 PM
CIO Exhibit Hall
Complimentary breakfast and refreshments for all attendees

12:30 PM–1:30 PM
Industry Sessions (non-accredited)
Complimentary lunch; seating is limited

3:00 PM–5:00 PM
Acute Stroke Management Hands-On Workshop
Hands-On
Pre-registration required; seating is limited

6:00 PM–10:00 PM
Ultimate Tailgate and Super Bowl Party
Complimentary refreshments; RSVP is required
8:00 AM–9:30 AM
SESSION 1: ISET Town Hall on Innovation
MODERATOR: BARRY KATZEN, MD, FSIR
PRESENTERS & DISCUSSANTS: TBD

Innovation is the lifeblood of endovascular therapy and has been a historical theme of the 30 meetings of ISET over the years. This year, we look at major forces influencing healthcare, and in which we live, through the eyes of one of the most well-known international "futurists" and distill these ideas to more immediate changes forecast in our field.

9:30 AM–10:45 AM
Live Cases from Miami Cardiac and Vascular Institute

MODERATORS: DANNY KATZEN, MD, FSIR, FACC; RICHARD F. NEVILLE, MD, FACS
DISCUSSIANTS: FRANK AKRO, III, MD; DANIEL CLAIR, MD; WILLIAM GRAY, MD
JHAD A. MUSTAPHA, MD, FACC; MICHAEL DAKE, MD, FSCAI; THOMAS ZELLER, MD

10:50 AM–11:35 AM
ISET Exhibit Hall

Complimentary break refreshments

11:40 AM–12:25 PM
SESSION 2: Carotid Therapy

MODERATORS: JAMES F. BENENATI, MD; WILLIAM GRAY, MD
PRESENTERS & DISCUSSANTS: MICHAEL JAFF, DO; RAJESH LAL, MD; ITALO LINFANTE, MD; FAIA; D. CHRIS METZGER, MD; FSCAI; FACC; KENNETH ROSENFIELD, MD, FSCAI; MCCAL, FACC; ALI DAVID SCHONHOLZ, MD; CAROL II

Carotid artery stenosis (CAS) is a major cause of transient ischemic attack and ischemic stroke. While readily detected via noninvasive imaging techniques, the subsequent management of CAS remains controversial. Expert faculty will provide an update on results and insights from the CREST-2 trial comparing medical management alone to the addition of endarterectomy or stenting for stroke prevention, as well as the morbidity and mortality that can result. The expert faculty presenters will participate in a panel discussion to provide further perspectives on complication management, and will be available for Q&A at the conclusion of the session.

1:35 PM–2:15 PM
SESSION 3: Advances in PE Management

MODERATORS: JAMES F. BENENATI, MD; KENNETH ROSENFIELD, MD, FSCAI; MARCELO GUMARAES, MD, FSIR; D. CHRIS METZGER, MD, FSCAI; GREGORY VATAKENCHEPPHY, MD; ERIC ZEWIEL, MD

Learn about the complications that are often encountered in the fields of peripheral artery disease (PAD), aortic disease, venous disease, and interventional oncology and discover strategies to manage these situations, as well as the morbidity and mortality that can result. The expert faculty presenters will participate in a panel discussion to provide further perspectives on complication management, and will be available for Q&A at the conclusion of the session.

2:15 PM–3:30 PM
Live Cases from Miami Cardiac and Vascular Institute

MODERATORS: ALEX POWELL, MD; D. CHRIS METZGER, MD, FSCAI; FACC
DISCUSSIANTS: JOHN F. ANGELE, MD; ANTHONY COMEROTA, MD, FACS; FACC; ROBERT LOKSTEIN, MD, FSIR; FSIVM; KENNETH ROSENFIELD, MD, FSCAI; FACC; FRANK J. YEITH, MD; RON WAKSMAN, MD, FSCAI; THOMAS ZELLER, MD

12:30 PM–1:30 PM
Industry Sessions (non-accredited)

Complimentary lunch; seating is limited

ISET Exhibit Hall

Complimentary lunch for all attendees

Residents/Fellows’ Lunch Session: Mea Culpa – Morbidity and Mortality (non-accredited)

Complimentary lunch from the Exhibit Hall; seating is limited

MODERATOR: RIPAAL GANDHI, MD, FSIVM

PRESENTERS & DISCUSSANTS: MARCELO GUMARAES, MD, FSIR; D. CHRIS METZGER, MD, FSCAI; GREGORY VATAKENCHEPPHY, MD; ERIC ZEWIEL, MD

Learn about the complications that are often encountered in the fields of peripheral artery disease (PAD), aortic disease, venous disease, and interventional oncology and discover strategies to manage these situations, as well as the morbidity and mortality that can result. The expert faculty presenters will participate in a panel discussion to provide further perspectives on complication management, and will be available for Q&A at the conclusion of the session.

3:55 PM–5:45 PM
SESSION 3: Wound Care for the Interventionalist

Developed in Partnership with the CLI Global Society

MODERATORS: RICHARD F. NEVILLE, MD, FACS; VICKIE DRIVER, DPM
PRESENTERS & DISCUSSANTS: STEVEN DEAN, DO, FACFAS; RPV; GARY GIBBONS, MD; JASON R. HAFT, DPM, FACFAS; MARY KATHLEEN WOOD, MSN, RN

Have you ever seen a patient with a non-healing wound, and been uncomfortable taking off the dressing to even look at the lesion? This session will feature national experts presenting a broad overview of wound care concepts all interventionalists should be familiar with in order to ensure successful care continuity. Discussions of wound etiology and wound management of venous, pulmonary, and arterial clots. Pulmonary embolism (PE), deep and large vein thromboses, and acute arterial ischemia are among the key clinical areas that will be highlighted. Acquire strategies for patient stratification in PE, clot lysis and extraction, filter placement, anticoagulation, and endovascular therapies. The session will conclude with a discussion and Q&A period, providing the audience with an opportunity to examine these multiple approaches to clot management in more detail.

4:55 PM–5:55 PM
SESSION 4: The Role of Translational Research in the Diagnostic and Interventional Imaging Fields

MODERATORS: RICHARD F. NEVILLE, MD, FACS; VICKIE DRIVER, DPM
PRESENTERS & DISCUSSANTS: STEVEN DEAN, DO, FACFAS; RPV; GARY GIBBONS, MD; JASON R. HAFT, DPM, FACFAS; MARY KATHLEEN WOOD, MSN, RN

Have you ever seen a patient with a non-healing wound, and been uncomfortable taking off the dressing to even look at the lesion? This session will feature national experts presenting a broad overview of wound care concepts all interventionalists should be familiar with in order to ensure successful care continuity. Discussions of wound etiology and wound management of venous, pulmonary, and arterial clots. Pulmonary embolism (PE), deep and large vein thromboses, and acute arterial ischemia are among the key clinical areas that will be highlighted. Acquire strategies for patient stratification in PE, clot lysis and extraction, filter placement, anticoagulation, and endovascular therapies. The session will conclude with a discussion and Q&A period, providing the audience with an opportunity to examine these multiple approaches to clot management in more detail.

5:45 PM–7:15 PM
ISET Exhibit Hall Grand Opening Reception

Complimentary hors d’oeuvres and cocktails for all attendees

Join your colleagues to learn about the latest technologies, devices, and products available to improve and enhance your practice. Can’t-miss event featuring outstanding food, drinks, and music.

REGISTER TODAY AT ISET.ORG OR CALL 877.878.3034
Tuesday, February 6

7:00 AM–7:50 AM
Continental Breakfast
Complimentary breakfast for all attendees

Industry Sessions (non-accredited)
Complimentary breakfast; seating is limited

Residents/Fellows Insider’s Tour of the Exhibit Hall
Reserved for Residents/Fellows only

An ISET faculty member will guide Residents/Fellows on a personalized tour of the ISET Exhibit Hall. Important and emerging technologies will be demonstrated and discussed.

8:00 AM–9:30 AM
SESSION 4: Aortic Dissection and Complex TEVAR
MODERATORS: DITTMAR BOCKLER, MD, PHD; FRANK J. VEITH, MD
PRESENTERS & DISCUSSANTS: JAMES W. DENNIS, MD, FACS; MARK ESKANDARI, MD, FACS

Complimentary hors d’oeuvres and cocktails

9:30 AM–10:45 AM
Live Cases from Miami Cardiac and Vascular Institute
LIVE CASES
MODERATORS: JAMES W. DENNIS, MD, FACS; PETER MACDONALD, MD

10:50 AM–11:35 AM
ISET Exhibit Hall
Complimentary break refreshments

SESSION 5: EVAR Advances
MODERATORS: JAMES F. BENENATI, MD; RICHARD F. NEVILLE, MD, FACS
PRESENTERS & DISCUSSANTS: DITTMAR BOCKLER, MD, PHD; FRANK J. VEITH, MD

11:40 AM–12:25 PM
SESSION 6: Future of Aortic Therapies
MODERATORS: JAMES F. BENENATI, MD; FRANK J. ARKO, III, MD
PRESENTERS & DISCUSSANTS: JOHN F. ANGLE, MD, ROBERT BERSIN, MD, MPH; DANIEL CLAIR, MD, MICHAEL DAKE, MD, MATTHEW EAGLETON, MD, DARREN B. SCHNEIDER, MD; CYNTHIA SHORTELL, MD

Smaller devices? Different approaches? The field of aortic intervention continues to evolve with the emergence of novel treatments and improvements to existing paradigms. In this session, expert faculty will discuss recent innovations in the management of aortic disease, including endovascular aortic sealing (EVAS), cloud-based image fusion, and embolic protection devices. Strategies to reduce EVAR failure rates and address visceral aneurysms will also be considered.

12:30 PM–1:30 PM
Industry Sessions (non-accredited)
Complimentary lunch; seating is limited

Residents/Fellows’ Lunch Session: Career Roundtable Discussion (non-accredited)
Complimentary lunch; seating is limited

MODERATORS: ADAM GERONEMUS, MD; JAMES F. BENENATI, MD
DISCUSSANTS: LEE FOX, MD; MAUREEN KOHI, MD; W. DAVID LONG, MD; D. CHRIS METZGER, MD, FACC, FSCV, JANCIE NEWSOME, MD; PARAG PATEL, MD; MS; PAUL J. ROCIONI, MD; GEORGE VATASHERCHY, MD; BRUCE ZWIEBEL, MD

This is a prime opportunity to have your questions answered in preparation for the next step in your career progression. Join this panel for a roundtable discussion on the challenges and decision points commonly encountered during a career in medicine. This discussion will be driven by audience questions and may include topics such as recommended interview questions, negotiating employment contracts, collaborating with other disciplines, dealing with dissenting partners, practice building, competition, and choosing to work in an academic, private practice, or non-traditional setting.

2:15 PM–3:30 PM
Live Cases from Miami Cardiac and Vascular Institute
LIVE CASES
MODERATORS: SHAUN SAMUELS, MD, FSR; FRANK J. ARKO, III, MD
DISCUSSANTS: JOHN F. ANGLE, MD, ROBERT BERSIN, MD, MPH; DANIEL CLAIR, MD, MICHAEL DAKE, MD, MATTHEW EAGLETON, MD, DARREN B. SCHNEIDER, MD; CYNTHIA SHORTELL, MD

2:35 PM–3:15 PM
SESSION 7: Future of Dialysis Access
MODERATORS: JAMES F. BENENATI, MD; RICHARD F. NEVILLE, MD, FACS
PRESENTERS & DISCUSSANTS: JOHN F. ANGLE, MD, ROBERT BERSIN, MD, MPH; DANIEL CLAIR, MD, MICHAEL DAKE, MD, MATTHEW EAGLETON, MD, DARREN B. SCHNEIDER, MD; CYNTHIA SHORTELL, MD

3:55 PM–5:45 PM
DEEP DIVE SESSION 4: CLi and Complex PAD
MODERATORS: JAMES F. BENENATI, MD; D. CHRIS METZGER, MD, FACC
PRESENTERS & DISCUSSANTS: FRÉDÉRIC BAUMANN, MD; CHRISTOPHER CUNNINGHAM, MD; FABRIZIO FANELLI, MD, FSR; FCIRSE; JUAN F. GRANADA, MD, MICHAEL JAFF, DO; MAUREEN KOHI, MD; ROBERT LOCKSTEN, MD, FSR; FSIR; JDAD A. MUSTAPHA, MD, FISCAL, FACC; JOHN RUNDBACK, MD; FSVM, FSR; MEING H. SHISHEHBOR, DO, PHD, MPH; THOMAS ZELLER, MD

In this session, take an in-depth look at the latest advances that are informing our current understanding of complex PAD management. The burden and treatment of chronic limb ischemia (CLI), a rapidly expanding clinical problem, will be discussed, along with tools for the management of superficial femoral artery disease and below-the-knee, calcified, or femoropopliteal lesions. Highlighted therapeutic options will include drug-coated balloons, interventional stents, endarterectomy, and Fem-Pop bypass.

5:45 PM–7:15 PM
Poster Session & Awards Reception in the Exhibit Hall
Complimentary hors d’oeuvres and cocktails

Meet the next generation of endovascular leaders and interact with leading minds presenting exciting new research. Poster Award winners will be announced.

6:45 PM–8:45 PM
Industry Sessions (non-accredited)
Complimentary dinner; seating is limited

*Program and faculty subject to change.
Wednesday, February 7
7:00 AM–7:50 AM Continental Breakfast
Complimentary breakfast for all attendees

Industry-Supported CME Symposia
Complimentary breakfast; seating is limited

8:00 AM–9:30 AM SESSION 7: Peripheral Interventions
MODERATORS: CONSTANTINO PEÑA, MD; WILLIAM GRAY, MD
PRESENTERS & DISCUSSANTS: BULENT ARSLAN, MD, FSIR; FABRIZIO FANELLI, MD, EBIIR; JUAN F. GRANADA, MD; RAGHU KOLLIUR, MD, FSIVM, MD; MEHOH H. SHISHEHBOR, DO, MPH, MPH, THOMAS ZELLER, MD

This session will feature a wide-ranging overview of new and emerging strategies for peripheral arterial interventions, from the upper extremities to below-the-ankle. Learn about new devices in the peripheral occlusive disease field, and discover novel approaches and recanalization techniques for the treatment of the superficial femoral artery. Expert faculty will also present new data on endovascular and adjunctive therapies for critical limb ischemia.

CHARLES J. TEGTMeyer ANNUAL LECTURE
Incorporating New Ideas into Practice: Challenges and Solutions for Today’s World
ANNE ROBERTS, MD
Interventional Cardiology
University of California, San Diego
La Jolla, California

9:30 AM–10:45 AM Live Cases from Miami Cardiac and Vascular Institute
LIVE CASES
UNIVERSAL UP TO

MODERATORS: BARRY KATZEN, MD, FSIR, FACC; WILLIAM GRAY, MD, DISCUSSIONS: TIMOTHY CLARK, MD, CHRISTOPHER CUNNINGHAM, MD, FABRIZIO FANELLI, MD, EBIIR, FACC, JUAN F. GRANADA, MD, MAUREEN KOH, MD, JIAHID A. MUSTAPA, MD, FSCAI, FACC; RICHARD F. NEVILLE, MD, FACC; MEHOH H. SHISHEHBOR, DO, PHD, MPH, MPH; THOMAS ZELLER, MD

11:10 AM–11:55 AM SESSION 8: Venous Intervention
MODERATORS: ALEX POWELL, MD; ANTHONY COMEROTA, MD, FACS, FACC
PRESENTERS & DISCUSSANTS: RAGHU KOLLIUR, MD, MS, FSIVM, E; BROOKE SPENCER, MD, FSIR; SCOTT TAPPER, MD, FVS; SURESH VEDANTHAM, MD

This session takes a broad look at all the fields of venous interventions, covering recent clinical trial results and providing information on multiple management techniques. After learning how to distinguish venous disease from other confounding pathologies, attendees will hear about the implications of the ATTRACT trial results on the use of venous catherization. A discussion of venous recanalization and anticoagulation techniques will provide new insights into the timing, optimization, and long-term success of venous intervention that can be applied in practice.

12:00 PM–2:10 PM DEEP DIVE SESSION 7: Embotherapy
Complimentary lunch for all attendees

MODERATORS: RIPAAL GANDHI, MD, FSIVM, JAFAR GOLZAPARAN, MD

PRESENTERS & DISCUSSANTS: JOHAN F. ANGLE, MD, BULENT ARSLAN, MD, FSIR; SHIVKANT BHATIA, MD, FABRIZIO FANELLI, MD, EBIIR, FACC; MARCELO GUMARES, MD, FSIR; MAUREEN KOH, MD; LINDSAY MACHAN, MD, FSIR; ALAN MATSUMOTO, MD, FSIR; RICHARD F. NEVILLE, MD, FASC, ANNE ROBERTS, MD; PAUL J. ROCHON, MD; GAO-JUN TENG, MD, PHD; SCOTT TERRITOLO, MD, BRUCE ZWILICH, MD, E; BROOKE SPENCER, MD, FSIR

This session puts the spotlight on this evolving area, offering a closer look at the new and emerging tools, applications, and complications management strategies that are improving the field of embotherapy. Highlights include tips and tricks for efficient embolization, applicability to endovascular procedures, and a discussion of multiple device options for endoleak and aneurysm treatment. With the recent FDA approval, there will be in-depth discussion of prostate artery embolization, as well as possible barionic applications of embotherapy.

DEEP DIVE SESSION 8: Venous Therapy
Complimentary lunch for all attendees

MODERATORS: ALEX POWELL, MD; ANTHONY COMEROTA, MD, FACS, FACC

PRESENTERS & DISCUSSANTS: JOSE ALMEIDA, MD, FRANK ARKO, III, MD; KARL A. ELLIG, MD; JOHN KAIMAN, MD, MS; RAGHU KOLLIUR, MD, MS; FSIVM, ERIK TERRITORE, MD; E; BROOKE SPENCER, MD, FSIR; SCOTT TERRITOLO, MD

Building on the morning’s general session, a deep dive into one of the most rapidly growing areas of endovascular therapy will include presentations that provide comprehensive discussion of the current therapeutic options available for such venous disease states as May-Turner syndrome, deep vein thrombosis, venous ulcers, and conditions of the venous cava. Highlights will include lessons learned from previous clinical trials and failed interventions; tips, tricks, and treatment algorithms for the successful management of complex cases; and a case presentation featuring an inferior vena cava reconstruction. The session will end with a panel discussion to conclude this deep dive on venous disease and the available interventional options.

DEEP DIVE SESSION 9: Residents and Fellows Roundtable V3: Clinical Data Hyper Drive
Complimentary lunch for all attendees
MODERATOR: BRIAN SCHIRO, MD

PRESENTERS & DISCUSSANTS: FRANK ARKO, III, MD; WILLIAM GRAY, MD; MAUREEN KOH, MD; ITALO LIPANSTE, MD, FANX, RAHUL PATEL, MD, ANHLEISH SISTA, MD, SCOTT TERRITOLO, MD; SURESH VEDANTHAM, MD

This session will bring attendees up to speed on essential clinical trials, as chosen by expert faculty, in each of several key clinical areas. Trials with a significant impact on aortic, carotid, peripheral artery, and venous diseases; pulmonary embolism; interventional oncology; women’s health; and end-stage renal disease will all be explored. Each presentation will be followed by a discussion and Q&A period, and the session will conclude with an overall discussion, featuring all of the expert faculty presenters, to ensure maximum awareness of the discoveries that are revolutionizing the field.

2:15 PM–3:30 PM DEEP DIVE SESSION 9:
Venous Therapy
Complimentary lunch for all attendees

MODERATORS: CONSTANTINO PEÑA, MD; RICHARD F. NEVILLE, MD, FACS

DISCUSSANTS: ANTHONY COMEROTA, MD, FACS, FACC; WILLIAM GRAY, MD; KARL A. ELLIG, MD; JOHN KAIMAN, MD; MAUREEN KOH, MD; LINDSAY MACHAN, MD, FSIR; PAUL J. ROCHON, MD; E; BROOKE SPENCER, MD, FSIR

3:30 PM Closing Remarks and Meeting Adjourn

11:00 AM–12:00 PM ISET offers specialists the opportunity to not only see the most recent and advanced data and techniques, but to also watch expert operators perform complex procedures live.

William Gray, MD
Interventional Cardiologist
ISET Guest Court Director

Do you have cutting-edge research that will advance endovascular care?

This is your opportunity to share your research with the best in the field. All submitted abstracts will undergo a blind peer review for quality of research, educational or scientific content, logical presentation, and impact on healthcare. Accepted abstracts will be eligible for one or more of the following:

• Oral Presentation (Select abstracts only).
• Poster Display (All accepted abstracts).
• Best Poster and Young Investigator Awards (One selected abstract for each award). All displayed posters will be eligible.

IMPORTANT DEADLINES
Abstract Submissions Site Closed: Sunday, October 8, 2017, 11:59 p.m.
Acceptance/Waitlist Notifications: Week of October 23, 2017
Withdrawal Deadline: Wednesday, November 15, 2017
Registration/Intent to Present Due: Wednesday, November 15, 2017

SUBMISSION CATEGORIES
