59TH ANNUAL CONFERENCE
ST. LOUIS, MISSOURI

Join Us at AAS26: The 59th Annual Conference

As the nation's oldest suicide prevention organization, founded in 1968, the American Association of Suicidology (AAS) has been the leading force in advancing the science of suicidology and enacting our mission to save lives.

In 2026, we will host our **59th Annual Conference** — a landmark gathering that unites clinicians, crisis center leaders, researchers, community crisis responders, lived experience advocates, loss survivors, and public health professionals. This inclusive homecoming celebrates every voice dedicated to culturally responsive, impactful suicide prevention. Together, we will share knowledge that saves lives and strengthen the collective effort to reduce suicide nationwide.

AAS was formed to share research to advance practice with the desire to save lives, and we invite you to join us in this critical work as an **exhibitor and/or sponsor**.

Benefits of Partnering with AAS:

- **Direct Connections:** Engage with attendees actively seeking tools, services, and partnerships that improve care and save lives.
- **High-Visibility Branding:** Elevate your presence across the conference website, mobile app, mainstage sessions, and exhibit hall.
- **Mission Alignment:** Showcase your commitment to innovation, well-being, and community impact alongside a trusted national leader.
- **Community Empowerment:** Support an event that strengthens and empowers the entire field of suicide prevention and intervention.

AAS26 is more than a conference — it is a catalyst for connection, learning, and progress. By partnering with AAS, you join a community dedicated to advancing hope, expertise, and meaningful change. We invite you to stand with us and help shape the future of suicide prevention.

On behalf of the AAS Board of Directors and staff, we look forward to welcoming you in St. Louis!

Sarah Gadsby, LCSW
Board President
