Reasons You Should Attend JADPRO Live

We're looking forward to seeing you and welcoming you back to JADPRO Live 2022 in person, in Aurora, Colorado. We're excited to be together again and bring back the many benefits of meeting face to face.

Can't attend in person? No worries! All CE presentations will be recorded and available for on-demand access after the live conference.

Pathways for Growth

Participate in invaluable networking opportunities with oncology APs from around the country

- **Braindates**
In person and better than ever. Network intentionally with targeted peer learning opportunities.
- **Peer Roundtable Discussions**
Discuss topics that are relevant to oncology APs in current practice and facilitated by fellow AP experts.
- **Bedside Stories: True Tales From a Lifetime of Caring**
Learn from shared experiences, interact with other attendees, enjoy a beverage, and be supported in your growth with extraordinary stories from your peers.
- And much more!

Education That Makes You an Expert

Get inspired by thought leaders in hematology and oncology. Attend more than 20 educational sessions and satellite symposia at the advanced level you need. Walk the poster hall and experience both Clinical and Encore poster presentations.

I would really like to attend the in-person conference. I love the opportunity to meet everyone and have dedicated time for professional development.

Kristen O'Hagan, ANP-BC, MS, AOCNP®

JADPRO Live far exceeded my expectations! The sessions were led by nationally recognized experts, the majority being fellow APs.

Carrie Graham, ARNP

Unprecedented Value and Options to Earn CE Credits

You're busy, you need options, and budgets for education can be limited. At JADPRO Live, you'll get more continuing education (CE) credits and valuable learning experiences than at any other conference. Earn up to 11.5 credits at the live conference plus up to 9.5 more with your access to on-demand presentations following the in-person event. Now, you won't miss education presented concurrently thanks to on-demand access. Can't attend in person? No problem. There's a registration option for on-demand access only.

Bonus Virtual Day and On-Demand Access

Included with your registration is access to JADPRO Live Virtual Day on Saturday, November 5. We'll be kicking off on-demand access (November 6 – December 31) with a bonus virtual day featuring **exclusive CE content** that was not presented at the in-person event.

Continue Your Learning in the Exhibit Hall

You may think that learning doesn't happen in an exhibit hall, but it does.

- Product theaters: quick and information-packed presentations
- Exhibits: exciting in-booth learning opportunities

The Location

Visit beautiful Aurora, Colorado, and take in the sights during your stay. Pre-conference tour options let you experience the best that the Denver and Aurora area has to offer. After all, what could be better than fall in Colorado?

Invitation From the Chair

Dear Colleagues,

On behalf of JADPRO and the Advanced Practitioner Society for Hematology and Oncology (APSHO), I'm pleased to invite you to join us for JADPRO Live 2022. This is an exciting milestone as we celebrate the 10th meeting of JADPRO Live. Back in 2014, the inaugural JADPRO Live conference took place in St. Petersburg, Florida. I'm proud that we now have so many advanced practitioners joining us in person and online every year.

These past few years of the pandemic have tested our capabilities as providers and people. Advanced practitioners have been on the frontlines in clinical and leadership roles, rising to the challenge of caring for patients with cancer during a pandemic. Our theme for this year, **Reaching the Peak of Practice**, embodies the expanding roles of advanced practitioners providing safe, effective, and high-quality care.

At JADPRO Live, you'll learn about the latest innovations in cancer care and practice pearls presented by our expert, multidisciplinary faculty. You'll also be able to participate in networking opportunities with fellow attendees and faculty, and celebrate in the accomplishments of our peers in clinical practice, research, and leadership.

Join me this fall for an unforgettable experience! I look forward to meeting you in Aurora, Colorado.

Jennifer Webster, MN, MPH, RN, AOCNS®
Georgia Cancer Specialists affiliated with Northside Hospital Cancer Institute
Chair, JADPRO Live 2022

Agenda Highlights

New Oncology Drug Updates

Keeping Current With Novel Biomarkers
in Hematology/Oncology

Accreditation

This activity will be jointly provided by the Annenberg Center for Health Sciences at Eisenhower and Harborside Medical Education.

Continuing Education Credit

To be eligible for documentation of credit, participants must attend the full activity and submit a completed evaluation form. Participants must complete the evaluation online by December 31, 2022.

Learning Objectives

Upon completion of this activity, participants should be better able to:

- Evaluate treatment paradigms for select solid tumors and hematologic malignancies, based on guidelines and best practices,
- Interpret the potential clinical significance of emerging data relevant to safe and effective cancer treatment,
- Anticipate and mitigate adverse events (AEs) associated with cancer treatments, and
- Develop collaborative strategies to enhance communication with, and the quality of life of, individuals undergoing cancer treatment.

Intended Audience

The intended audience for this live workshop is nurse practitioners, physician assistants, clinical nurse specialists, advanced degree nurses, hematology/oncology nurses, pharmacists, and clinicians who specialize in the field of oncology.

Disclosure Statement

It is the policy of the Annenberg Center for Health Sciences at Eisenhower (Annenberg Center) to ensure fair balance, independence, objectivity, and scientific rigor in all programming. All individuals with the potential to impact the content of an accredited education activity are expected to identify and reference off-label product use and disclose relevant financial relationships with ACCME-defined ineligible companies.

The Annenberg Center for Health Sciences assesses relevant financial relationships with its instructors, planners, managers, and other individuals who are in a position to control the content of CE activities. All relevant relationships that are identified are thoroughly vetted by the Annenberg Center for fair balance, scientific objectivity of studies utilized in this activity, and patient care recommendations. The Annenberg Center is committed to providing its learners with high-quality CE activities and related materials that promote improvements or quality in healthcare and not a specific proprietary business interest of an ineligible company.
