How to Complete Your Session Evaluations to Claim Your CME Credits

ACCESS THE EVALUATION PROCESS USING ONE OR BOTH OF THE FOLLOWING:

In the meeting app, look for the Evaluation button on the home screen, or CME on the footer menu.

On your PC or Mac, tinyurl.com/CLP2021virtualEval and log in using your ACLP credentials.

NOT USING THE APP OR CAN'T FIND THE CREDENTIALS EMAILED TO YOU?

Go to tinyurl.com/CLP2021virtualEval and login with your ACLP credentials. You must use the email address you used to register for the meeting for this to work.

The Evaluation process will present you with three tasks to complete to obtain your CME certificate:

1. Complete your profile.

Identify learner type, subspecialty and, for ABPN records verification purposes, your date of birth (*optional*).

2. **Select the sessions you attended for which you are claiming CME credit.** For each session you claim, you will be asked to complete an evaluation of the session content. Remember to click "Submit"! An evaluation must be completed for you to receive your CME credit.

3. Complete the meeting evaluation.

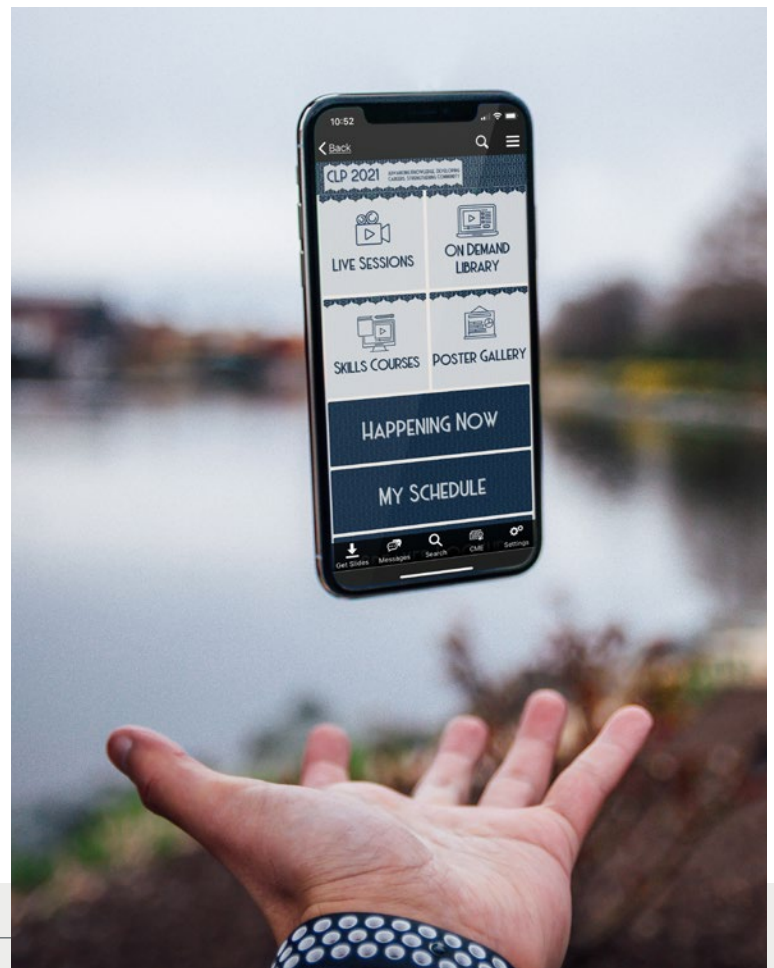

Once all three are done, you can print, download, and/or email yourself your CME document.

GUIDE TO USING THE MOBILE APP

1. **Download the "ACLP Events" app** from the Apple App Store or Google Play Store.
2. Once downloaded, **open the app, select CLP 2021, then login** using your ACLP credentials.
3. **Want to use your laptop or desktop computer?** If you have an Internet connection, access slides through tinyurl.com/CLP2021app and use your ACLP credentials to login.

WHAT CAN YOU DO WITH YOUR APP?

- + Draw or highlight important points on presentation slides.
- + Take notes on slides while in note-taking mode.
- + Access/print out your notes by clicking "My Notes" on the home screen or "Online Personal Summary" in the sidebar menu.
- + To download slides, you will need an Internet connection, but you can view them later and take notes later without one.
