# Welcome

On behalf of the NHIA Board of Directors and staff, we could not be more excited to welcome you to Denver, Colorado for the 2026 NHIA Annual Conference, the only event dedicated to the home and alternate site infusion industry. Each year, NHIA looks forward to bringing together professionals who share a deep commitment to advancing patient care and strengthening the future of home and alternate site infusion. We know that your time is more valuable than ever and it means a great deal to us that you are making the investment to attend this year's event. As always, our goal is to provide attendees with an experience rich in opportunities to learn, network, and explore new products and services in our popular exhibit hall.

Once again, NHIA's Education Committee has developed an exceptional line-up of conference programming. Year after year, these volunteers—infusion professionals like you—put a remarkable amount of time and expertise into planning this event. From their perspective on the ground, they identify the most relevant issues impacting the industry to create cutting-edge education, exhibits, and events that are unrivaled in the home and alternate site infusion space. In addition to daily education sessions, NHIA will bring you up to date on high-priority advocacy issues, such as the federal legislative efforts to fix the Part B services benefit and expand access to IV anti-infectives for Medicare beneficiaries, changes to the DMEPOS benefit, enteral and parenteral reimbursement, drug pricing policy, and more. There will also be ample opportunity to learn from one another with

our popular Roundtable sessions and dedicated networking opportunities. NHIA continues to enhance our educational programs by facilitating interactivity across sessions and adding more engaging learning on a wider variety of topics.

This year, our largest ever exhibit hall features learning labs and an interactive Infusion Experience designed to simulate the process of conducting an internal audit of a home and an ambulatory infusion suite. Our continually growing research abstract poster session provides insight into the latest research surrounding alternate site infusion. And the extremely popular Sterile Compounding Clinic is back where you can step into a simulated compounding lab to practice your compounding skills and learn practical tips for ongoing compliance with the latest standards.

No conference would be complete without a chance to interact with your peers. Carve out time for social events like the Welcome Reception, Opening General Session, and NHIA's Annual Industry Celebration—held at a popular local hangout with games, local food vendors, and great company. Finally, you won't want to miss events that celebrate the accomplishments of individuals who have made significant contributions to the profession. The newest class of NHIA Fellows will be recognized at the Foundation Celebration, a can't-miss evening that supports the mission of the National Home Infusion Foundation to promote research and leadership development. Throughout our General Sessions we will honor an Infusion Changemaker, the Gene

Graves Lifetime Achievement Award recipient, the Exhibitor Innovation Award winner, the Lynn Giglione Women and Leadership Award recipient, and the most outstanding research abstract.

Connie Sullivan,  
BSP Pharm  
President & CEO

As always, we couldn't host an event like this without sponsors. We are truly delighted by the growing number of companies demonstrating their support for the infusion community and NHIA—please make it a point to visit and thank them during your stay. Thank you again for attending the premier event of the home and alternate site infusion industry. We hope you leave feeling inspired and prepared to succeed in today's dynamic health care environment.

## About NHIA

The National Home Infusion Association (NHIA) is the leading organization representing companies accredited to provide medically necessary infusion therapies to patients in alternate sites, as well as the manufacturers, suppliers, and service companies that support the field.

NHIA is committed to meeting the needs of its growing and diverse membership. Our mission is to provide advocacy, education, and resources to the home and alternate site infusion community so the patients they serve can lead healthy, independent lives. NHIA is excited to share about new member programs and resources — please visit us in the Exhibit Hall at NHIA Central! To learn more about NHIA or inquire about membership please visit us at <https://nhia.org> or email our team at [membership@nhia.org](mailto:membership@nhia.org).

# Download the NHIA 2026 Conference App!

## The **NHIA26** Conference Mobile App has everything you need at your fingertips:

- Personalize your conference schedule
- Obtain session or speaker information
- Apply for CE credits
- Download presentation handouts and take notes directly on slides
- Navigate your visits to the Exhibit Hall
- Download certificate of attendance
- Evaluate speakers and conference and give us your ideas for NHIA 2027

Enhance your conference experience! Download the NHIA 2026 Conference App from Apple App Store or Google Play. Access the App using Email Address and Access Key, or request it to be sent again.

### How to Play:

1. Find your Passport in the conference tote bag you received at registration.
2. Visit all participating exhibitors to get your Passport validated.
3. Fill out your contact information at the bottom of the card.
4. Drop your completed Passport in the drum located at **NHIA Central, Booth #721** in the exhibit hall.
5. Limit one entry per person.
6. Drawings will be held in the NHIA Expo **Tuesday, April 21** at **12:30 p.m.** Must be present to win.
7. Collect prizes from **NHIA Central, Booth #721!**

# Benefits of **NHIA** Membership

All staff within member organizations receive complimentary access to NHIA member resources. To enroll your team and activate these benefits, please contact the NHIA Membership Team.

## Member Benefits Overview

- **INFUSION Magazine & *Infusion Journal*** – the official publications of NHIA mailed right to your office or home
- **NHIA University** online education platform
- **NHIA Community** member-only forum and resources
- **Infusion Express** e-newsletter delivers the latest infusion industry news to your inbox weekly.
- **NHIA Advocacy** addresses a range of important health care issues for members and their patients.
- **Online Member Directory** lists NHIA Member organizations for patients and others to find your business.
- **Online Job Board** with free postings for NHIA Members
- **Member Discounts for the NHIA Annual Conference**

## NHIA Community

[community.nhia.org](http://community.nhia.org)

- **Member-Only Forum**
  - Discussion topics include clinical best practices, reimbursement challenges, operations support, and more!
- **Exclusive Member Resources**
  - INFUSION Magazine archives
  - *Infusion Journal* archives
  - Reimbursement Reference Guides
  - Research & Benchmarking
  - State Legislative & Regulatory Tracking
- **Custom, personalized member homepage**
- **Individual Member Directory**
- **Private AI Search & Assistant**
  - Finds and summarizes information across 2,000 discussions, NHIA trusted resources, and education.
- **Upcoming Webinars & Events**
- **Volunteer & Professional Development Opportunities**

## NHIA University

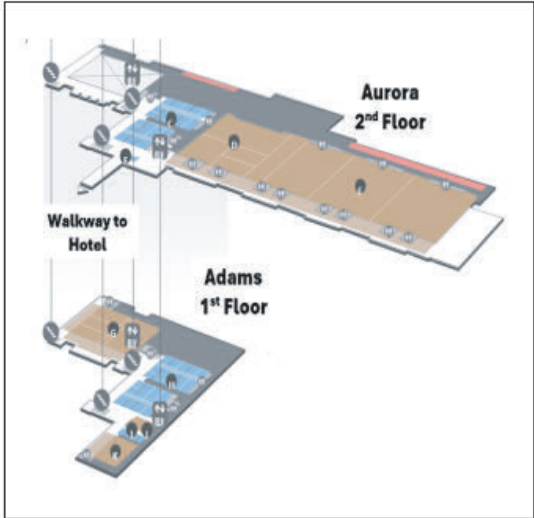

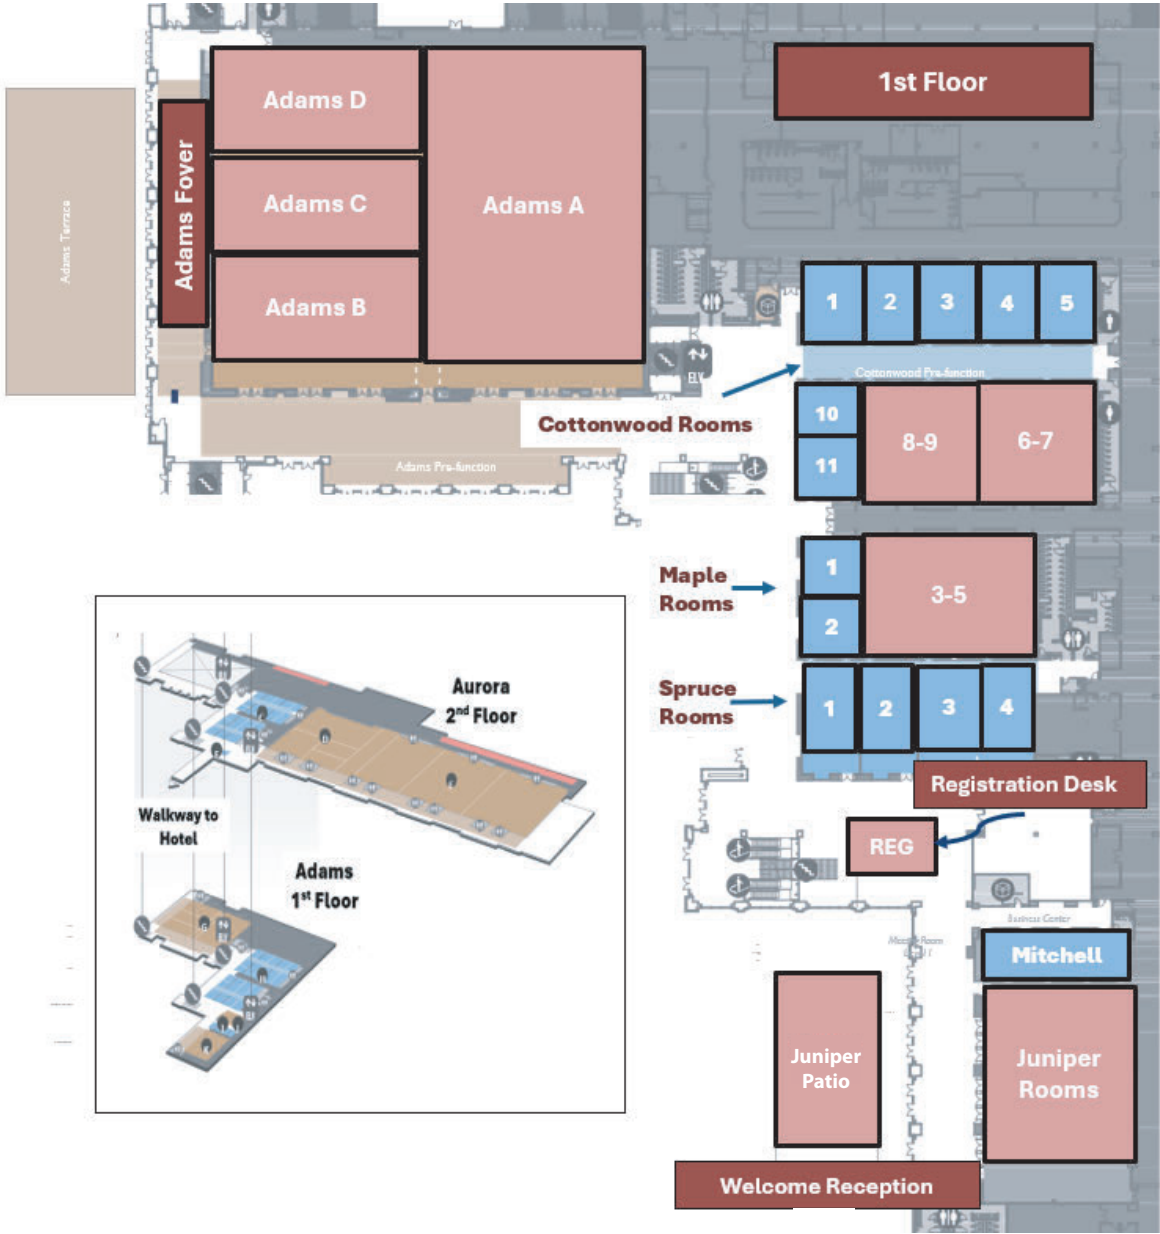

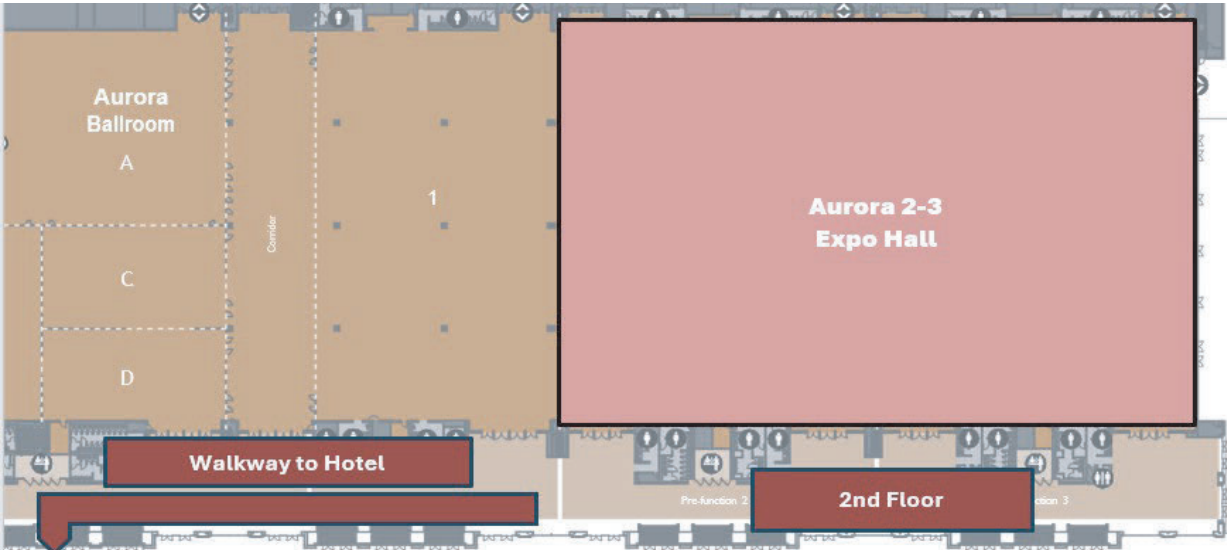

[learn.nhia.org](http://learn.nhia.org)

- **A personalized learning platform covering all aspects of home & alternate site infusion services**
- **Continuing education (CE) credits available for Pharmacists, Pharmacy Technicians, Nurses, & Dietitians**
- **More than 150 educational programs**
- **Types of content include:**
  - INFUSION Magazine CE articles, webinars, certificate courses, recorded conference sessions
- **Categories of education include:**
  - Sterile compounding, nursing, revenue cycle, business & leadership, clinical, nutrition support, and more!

Contact [membership@nhia.org](mailto:membership@nhia.org) for more information or visit [www.nhia.org/membership](http://www.nhia.org/membership).

# Gaylord Rockies Convention Center Floor Plans

# Paragon Cleanroom System

by CE Cleanrooms

Paragon is a turnkey, two-room sterile cleanroom suite designed to help you launch quickly, stay compliant and reach ROI sooner.

With CE Cleanrooms, you have an experienced partner guiding the entire process — simplifying decisions and reducing the stress of building a critical environment.

CE Cleanrooms has supported home infusion pharmacies — including many of the nation's leading compounding cleanrooms — with high-quality sterile environments.

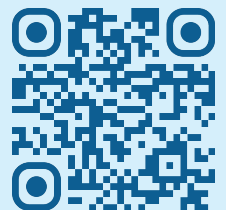

## Why choose Paragon:

- ▶ Turnkey delivery — CE manages permitting, HVAC, monitoring and commissioning
- ▶ Pre-engineered design — Faster on-site installation than custom builds
- ▶ Compliance guarantee — Built to meet and exceed USP <797> & <800> requirements
- ▶ Inspection support — Guidance selecting qualified third-party inspectors
- ▶ Sterile, critical environment — Engineered for patient safety
- ▶ Warranty & ongoing support — A team you can call anytime
- ▶ Lower long-term risk — Designed for reliable, consistent operation

## NHIA Expo Grand Opening Reception

SUNDAY, APRIL 19 | 4:30 p.m. - 7:00 p.m.

Generously supported by **IMS**  
INTEGRATED MEDICAL SYSTEMS

One of the highlights of the week, join the largest gathering of conference attendees at the NHIA Expo on Sunday evening following the Opening General Session to cap off an exciting first day. Meet all of the NHIA 2026 exhibitors while you enjoy food and drink with colleagues and business partners.

## Daily Lunches in the Expo Hall

MONDAY, APRIL 20 | 12:00 p.m. - 2:00 p.m.

TUESDAY, APRIL 21 | 11:00 a.m. - 1:00 p.m.

Refuel, recharge, and network with colleagues while exploring all the dynamic expo has to offer.

## Research Poster Session

With more than 45 new research abstracts being presented this year, the research posters represent one of the highest concentrations of new research relating to home and alternate site infusion anywhere!

## Sterile Compounding Clinic

Take a look at the hands-on hub for NHIA's Sterile Compounding Clinic (SCC) where participants gain practice across 10 stations in a simulated cleanroom environment. The SCC includes work with primary engineering controls, automated compounding devices, aseptic technique, hazardous drug handling, media fills, viable air and surface sampling and much more!

Sterile Compounding Clinic supporters can be found on page 4.

## Infusion Experience

This immersive experience now guides healthcare professionals through the process of conducting an internal audit of a home and an ambulatory infusion suite. Participants will walk through multiple stations in a simulated home and suite to identify deficiencies and discuss corresponding accreditation standards, including guidelines for environmental safety, infection control, and patient and staff safety and more.

### EXPERIENCE:

#### Real-World Deficiency Scenarios

Gain hands-on practice evaluating simulated home and infusion suite environments.

#### Application of Standards and Best Practices

Identify differences between standards and best practices in accordance with accreditation and regulatory bodies.

### OPEN DURING EXHIBIT HALL HOURS

SUNDAY, APRIL 19 4:30 p.m. - 7:00 p.m.

MONDAY, APRIL 20 12:00 p.m. - 3:00 p.m.

TUESDAY, APRIL 21 10:30 a.m. - 1:00 p.m.

## Staff Competency and Training

Identify ongoing clinical competencies needed to ensure that clinicians are well-prepared to provide safe and effective care in regard to common deficiencies.

## Interactive Q&A

Engage subject matter experts in clinical challenges, standards of practice, and best practices encountered during real-life audits.

Infusion Experience supporters can be found on page 6.

## Headshot Studio

Generously supported by

Back by popular demand, attendees can get a complimentary headshot in the NHIA Expo. The Headshot Studio provides attendees with the opportunity to update their digital image. Visit **Trella Health** at **Booth #611** to obtain your pass and instructions and then head on over to the **Headshot Studio (Booth #1037)** to take your picture. You will receive options for your new headshot within several days delivered directly to your email!

## Learning Lab

Take a seat and engage with solutions experts in a comfortable and welcoming space (**Booth #521**) for quick-hitting experiential education right in the heart of the NHIA Expo.

### MONDAY, APRIL 20

12:15 p.m. - 12:45 p.m.

Learning Lab

12:50 p.m. - 1:20 p.m.

Optimizing Patient Engagement that Drives Cash Recovery and Operating Efficiency with COLLECTPlus!

1:25 p.m. - 1:55 p.m.

The Smart Home Infusion Pharmacy: Leveraging Technology & Automation to Elevate Sterile Compounding Compliance

2:00 p.m. - 2:30 p.m.

From Paperwork to Precision: AI Transforms Infusion Workflow

### TUESDAY, APRIL 21

10:45 a.m. - 11:15 a.m.

Learning Lab

11:20 a.m. - 11:50 a.m.

Brightree Pharmacy: Automated, Intelligent, Connected

11:55 a.m. - 12:25 p.m.

Prep, Protect, Secure: Reducing Home Infusion Complications

12:30 a.m. - 1:00 p.m.

AI or BPO? How Home Infusion Leaders Spot Real Automation vs BPO Disguised as AI

See full descriptions and speaker listings on pages 32-33.

# Continuing Education

**NHIA is offering Continuing Education credits (CEs) through the Conference App and interactive schedule. A code will appear on the screen at the end of each CE activity. Make note of the code.**

Using the Conference App, click on the “surveys” tile at the bottom of the main screen and navigate to your personal task list within your Survey Magnet. Complete your tasks and collect your CE.

Download a Certificate of Attendance certifying you attended the 2026 NHIA Annual Conference!

All 2026 NHIA Annual Conference education programs are accredited for pharmacy, nursing, and dietitian continuing education, unless otherwise noted. Educational learning objectives and associated continuing education information for each session can be found in the NHIA Conference App. Attendees will have until **May 8, 2026** to claim credit for LIVE CE participation.

## Accreditation Statement

In support of improving patient care, the National Home Infusion Association (NHIA) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

## Credit Designations

### JA CREDIT STATEMENT

This activity was planned by and for the healthcare team, and learners will receive up to 21.25 Interprofessional Continuing Education (IPCE) credit for learning and change.

### NURSE CREDIT DESIGNATION STATEMENT

The NHIA designates this activity for up to 21.25 Nursing contact hours. Nurses should only claim credit commensurate with the extent of their participation in the activity.

### PHARMACIST AND PHARMACY TECHNICIAN CREDIT DESIGNATION STATEMENT

This curriculum has been approved for up to 21.25 contact hours (2.125 CEUs) by the National Home Infusion Association (NHIA). NHIA is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. The Universal Activity Number for this program is JA4008389-0000-26-048-L99-P and JA4008389-0000-26-048-L99-T for the general conference and JA4008389-0000-26-049-L07-P and JA4008389-0000-26-049-L07-T for the Sterile Compounding Clinic. This learning activity is knowledge-based. Your CE credits will be electronically submitted to the NABP upon successful completion of the activity. Pharmacists and pharmacy technicians with questions can contact NABP customer service (custserv@nabp.net).

### REGISTERED DIETITIAN CREDIT

CDR Credentialed Practitioners will receive up to 21.25 Continuing Professional Education units (CPEUs) for completion of this activity. Completion of this RD/DTR profession-specific or IPCE activity awards CPEUs (One IPCE credit = One CPEU). If the activity is dietetics-related but not targeted to RDs or DTRs, CPEUs may be claimed which are commensurate with participation in contact hours (one 60 minute hour = 1 CPEU. RDs and DTRs are to select activity type 102 in their Activity Log. Performance Indicator selection is at the learner's discretion.

# NHIA26 Networking

## Welcome Reception

**SATURDAY, APRIL 18 | 6:00 p.m. - 8:00 p.m.**  
Gaylord Rockies Resort & Convention Center - Juniper (Level 1)

Kick off the conference with us at our welcome reception. It's a popular place to meet attendees before the conference gets started. Refreshments and appetizers will be served.

Generously supported by  **PROTARA**  
THERAPEUTICS

## NHIA Expo Grand Opening & Reception

**SUNDAY, APRIL 19 | 4:30 p.m. - 7:00 p.m.**  
Gaylord Rockies Resort & Convention Center - Aurora Exhibit Halls 2-3

Join us for the Grand Opening of the NHIA Expo. Learn about innovative products and services from over 150 exhibitors. Enjoy complimentary food and beverages as you explore the hall and network with colleagues and business partners.

Generously supported by  **IMS**  
INTERNATIONAL MEDICAL SYSTEMS

## Foundation Celebration

**MONDAY, APRIL 20 | 6:45 p.m. - 8:00 p.m.**   
Gaylord Rockies Resort & Convention Center - Fortunate Prospector

At this year's National Home Infusion Foundation (NHIF) reception, stand up and join us as we celebrate the invaluable research, leadership and innovation recognized by the Foundation throughout the year. Attendees will enjoy food and drinks while celebrating the achievements of leaders in the field and the essential research NHIF produces in support of the home and alternate site infusion industry. 100% of ticket sales go directly to supporting NHIF initiatives.

*\*Individual tickets (\$125) can be purchased at the NHIA Registration Desk located on Level 1 of the Convention Center. The National Home Infusion Foundation (NHIF) is recognized as a 501(c)(3) nonprofit organization by the IRS, Tax ID# 46-0567195. The fair market value of the goods and services received during the April 20, 2026 Foundation Celebration event is \$25. Consult with your tax advisor regarding the deductibility of your event ticket.*

## Annual Industry Celebration

**TUESDAY, APRIL 21 | 6:00 p.m. - 9:00 p.m.**  
Local Drive @ Stanley Marketplace Hangar

Join your infusion industry colleagues and friends on Tuesday night at the Local Drive at Stanley Hangar. This multi-level indoor golf facility and lounge features indoor golf bays, a massive turf patio, pool tables, table games, sand volleyball court, high-end drinks, and food from local vendors from the popular Stanley Marketplace. All conference registrants are invited to attend. Join us on the final evening of an incredible week to network and connect in a fun, welcoming setting.

## Additional Networking Opportunities

### SUNDAY LUNCH & LEARN SESSIONS

Enjoy a buffet lunch with your peers before NHIA's popular Lunch & Learn sessions.

### MONDAY MORNING NETWORKING BREAKFAST HOSTED BY NHIA COMMITTEES

Start your morning off right with this hour-long networking breakfast prior to the start of the General Session and engage with industry professionals from NHIA's volunteer committees.

### MONDAY POWER-UP BREAK

Maintain the momentum between our Federal Policy Panel and Roundtable Discussions with energy-packed snacks and refreshments.

### TUESDAY MORNING NETWORKING COFFEE

You'll have ample time to get your day started with an energizing beverage and conversations with your peers at the conference center.

### TUESDAY DESSERT BREAK

Enjoy dessert and time to network in the General Session Room before the Industry Awards and Leadership Keynote.

### WEDNESDAY MORNING RECHARGE NETWORKING BREAKFAST

Enjoy a continental networking breakfast to refuel before the conference's final educational sessions that will build on each other across two time slots.

# Keynote Speakers

LOCATION: Adams Ballroom A (Level 1)

## Opening General Session Keynote

SUNDAY, APRIL 19 | 3:00 p.m. - 4:30 p.m.

### *Celebrating Success: Spark Collaboration & Innovation*

Join the infusion community and Joel Zeff—a dynamic speaker, work-culture expert, and improvisational humorist—whose interactive performances get audiences laughing, learning, and leading at the Opening General Session. In this interactive kickoff, Joel brings volunteers onstage for improv exercises that show how a “celebrating the win” mindset fuels stronger collaboration, sharper communication, real accountability, and everyday innovation. You’ll leave with simple, repeatable tools to provide positive support, create opportunity, and make the right choice under pressure—ready to apply the moment you’re back with your team. Fun, fast-paced, and unforgettable.

Joel Zeff

Generously supported by **MCKESSON**

## Industry Outlook & Policy Panel

MONDAY, APRIL 20 | 8:15 a.m. - 9:30 a.m.

### *Keeping Up with Washington - A Discussion of Federal Policies Impacting Home and Alternate Site Infusion*

Join policy experts and industry leaders for a timely discussion on the evolving federal efforts to reform healthcare and lower drug prices. Panelists will provide an update on home infusion legislation and review efforts to rein in pharmacy benefit manager (PBM) practices, as well as the implications of new CMS models, including IPAY, GLOBE, and GUARD.

Soumi Saha

Jayson Slotnik, JD, MPH

David Farber

Shea McCarthy

Bill Noyes

Connie Sullivan, BSPHarm

Attendees will gain insight into how these initiatives may reshape access, reimbursement, and sustainability across the healthcare system, with a focus on practical considerations for providers and patients.

## Leadership Keynote

TUESDAY, APRIL 21 | 1:15 p.m. - 2:45 p.m.

### *Leading with Clarity: The Human Dynamics Advantage*

Arel Moodie — 3-time TEDx speaker, “Human Development Investigator” and host of Disney+’s Family Reboot — translates adult development theory into practical tools leaders can use to read motivation, earn trust, and influence ethically. In a high-energy, highly actionable talk, you’ll learn how to turn friction into alignment, give feedback that lands, and lead teams through change with clarity, confidence, and compassion.

Arel Moodie

Leave with a deeper understanding of why people make the choices they do and how to spot patterns across individuals and teams so you can lead with greater agility and precision. Arel’s foundationally simple yet layered framework equips you to deeply read the nuances of human behavior and make confident decisions in any environment.

TUESDAY, APRIL 21 | 4:30 p.m. - 5:30 p.m.

### *Leadership Workshop: From Framework to Practice*

Join keynote speaker Arel Moodie for a special leadership workshop where attendees can apply the core principles of adult development theory across dynamic scenarios. Directly engage with Arel and other attendees as you discover new ways to level-up your work and your teams. You will strengthen your ability to “read the room,” adapt your leadership approach in real time, and respond more effectively to the human dynamics shaping your teams and organizations.

# Embark on a path that's seamless, supported, and superior

In the dynamic world of infusion and specialty pharmacy, navigating from referral to revenue is a pivotal journey. But what if there was a software solution that made it all flow smoothly?

Brightree's all-in-one software does just that and more. Designed with your complexities in mind, all aspects of care and business management are connected, aligning every role, from intake specialists to pharmacists and nurses to executives.

**Embark on your seamless path to success with Brightree.**

# NHIA Conference Agenda Day 1 & 2

All events take place at the Gaylord Rockies Resort and Convention Center unless otherwise specified.

## SATURDAY, APRIL 18

2:00 p.m. - 8:00 p.m. **Registration Open - Spruce Foyer (Level 1)**

6:00 p.m. - 8:00 p.m. **NHIA Welcome Reception - Juniper Foyer & Patio**

Supported by  **PROTARA**  
THERAPEUTICS

Kick off the conference with us at our welcome reception. It's a popular place to meet attendees before the conference gets started. Join old friends and meet new acquaintances during the fun meet and greet that launches our exciting 2026 conference. Refreshments and appetizers will be served.

## SUNDAY, APRIL 19

7:00 a.m. - 7:00 p.m. **Registration Open - Spruce Foyer (Level 1)**

8:00 a.m. - 1:30 p.m. **Executive Preconference (includes breakfast & lunch) - Maple 3-5**

Dynamic education and networking that equips leaders with the insight, practical tools, and peer connections to navigate what's ahead. This year's content features a focused industry outlook, infusion suite landscape assessment, implications of PBM reform, and a vision for AI strategy.

8:00 a.m. - 1:30 p.m. **Sterile Compounding Preconference (includes breakfast & lunch) - Cottonwood 6-7**

Supported through an unrestricted educational grant by  **Pharmacy Stars**

8:30 a.m. - 11:30 a.m. **Foundations of Home Infusion Preconference (includes breakfast) - Cottonwood 8-9**

This dynamic preconference session delivers a fast-paced overview of the clinical, operational, and financial pillars that power safe, effective, and high-quality care in the home and alternate site settings.

Topics presented include: Patient Journey, Revenue Cycle Management, Pharmacy Operations, Sterile Compounding, Nursing, and Reimbursement Methodologies

11:45 a.m. - 1:30 p.m. **New Drugs and Biologics - Lunch & Learn - Adams C**

11:45 a.m. - 1:30 p.m. **Under the Microscope: Real-World Medicare Audits, Lessons Learned and What We'd Do Differently - Lunch & Learn - Adams B**

1:45 p.m. - 2:45 p.m. **Education Sessions - see page 28 for details**

3:00 p.m. - 4:30 p.m. **NHIA Opening General Session - Adams Ballroom A (Level 1)**

Supported by  **McKESSON**

**KEYNOTE:** Joel Zeff | Celebrating Success: Spark Collaboration & Innovation

See page 22 for details

**PRESENTATION:** Infusion Changemaker Award

4:30 p.m. - 7:00 p.m. **NHIA Expo Grand Opening & Reception - Expo Hall, Aurora 2-3 (Level 2)**

Supported by  **IMS**

4:30 p.m. - 7:00 p.m. **Infusion Experience - Expo Hall, Booth #535**

Supported by  **ACHC**,  **eitan medical**,  **IMS**

 = Additional Registration Fee Required

 = Food and Beverage Provided

 = Coffee Provided

# NHIA Conference Agenda Day 3

All events take place at the Gaylord Rockies Resort and Convention Center unless otherwise specified.

## MONDAY, APRIL 20

## WEDNESDAY, APRIL 22

7:00 a.m. - 9:00 a.m. Farewell Breakfast - Adams Pre-Function Area

8:00 a.m. - 10:00 a.m. Registration Open - Spruce Foyer (Level 1)

8:30 a.m. - 10:00 a.m. Education Sessions - see page 29 for details

## Sterile Compounding Clinic Schedule

### Sunday, April 19 - Preconference

Sessions in Cottonwood 6-7

8:30 a.m. - 9:30 a.m. Good Compounding Morning! The Show for All Things Sterile Compounding!

9:35 a.m. - 10:35 a.m. Tips for the USP <797> Designated Person

10:45 a.m. - 11:45 a.m. Avoid Autopilot: Stay Engaged in Automated Tasks

12:30 p.m. - 1:30 p.m. The CAPA Games: May the Root Cause Be Ever in Your Favor

### Sunday, April 19

Supported through an unrestricted educational grant by

1:45 p.m. - 2:45 p.m. Cleanroom Design: Building for Quality and Compliance

### Monday, April 20

7:30 a.m. - 9:30 a.m. Sterile Compounding Clinic: Hands-On Lab Stations

12:15 p.m. - 2:45 p.m. Sterile Compounding Clinic: Hands-On Lab Stations

3:00 p.m. - 4:00 p.m. Safe and Sound: Ergonomic Principles for Healthcare Professionals

4:10 p.m. - 4:40 p.m. What to Expect During an Inspection

4:50 p.m. - 5:20 p.m. Invasion to Eradication: The Lifecycle of Contamination

5:30 p.m. - 6:30 p.m. Admixing Alchemy: Stability and Compatibility Considerations for Home Parenteral Nutrition

### Tuesday, April 21

Supported through an unrestricted educational grant by

7:30 a.m. - 8:45 a.m. Sterile Compounding Clinic: Hands-On Lab Stations

9:00 a.m. - 9:30 a.m. 30/30/30: The Three Act Play: The Art and Science of Environmental Sampling

9:30 a.m. - 10:00 a.m. 30/30/30: The Three Act Play: The Art of Sampling: Certification Reports

10:00 a.m. - 10:30 a.m. 30/30/30: The Three Act Play: The Art of Detecting Hazardous Drug Residues

10:45 a.m. - 12:45 p.m. Sterile Compounding Clinic: Hands-On Lab Stations

3:00 p.m. - 3:30 p.m. Best Practices to Maintain PECs and CPECs in Sterile Compounding Suites

3:45 p.m. - 4:20 p.m. Excursion to Improvement: Practical CAPA Strategies in Compounding Practices

4:30 p.m. - 5:30 p.m. Competency? Training? Which One is Required or Are Both Required?

### Wednesday, April 22

Supported through an unrestricted educational grant by

8:30 a.m. - 10:00 a.m. Hectic Aseptic: Tackling Troublesome Techniques

Compounding Documentation System Supported by:

Primary Engineering Controls Supported by:

# Education Sessions

## Sunday, April 19

11:45 a.m. - 1:30 p.m.

*Lunch & Learn: New Drugs and Biologics*

Room: Adams C

*Lunch & Learn: Under the Microscope: Real-World Medicare Audits, Lessons Learned and What We'd Do Differently*

Room: Adams B

1:45 p.m. - 2:45 p.m.

**C** Law and Order: Intravenous: Regulatory Discipline as a Clinical Teaching Tool  
Room: Adams D

**N** Infuse and Elevate: Building High Impact Infusion Nursing Teams  
Room: Adams C

**L** Clinician to Leader: R.E.A.L. Strategies for Excellence  
Room: Adams B

**M** Clinical Confidence Meets Sales Strategy  
Room: Cottonwood 8-9

**RC** The Inflation Reduction Act Medicare Drug Price Negotiation Program: Part D Impacts and What's Ahead for Part B in 2028  
Room: Maple 3-5

check the conference app for the most up-to-date schedule

### KEY

**SC** = Sterile Compounding

**L** = Leadership

**M** = Sales & Marketing

## Monday, April 20

3:00 p.m. - 4:00 p.m.

**C** **N** Optimizing the First 7 Days: HPN Transition Strategies  
Room: Adams D

**N** Raising the Bar: Ensuring Competency Across Subcontracted Agencies  
Room: Adams C

**L** **N** Home Infusion: Innovating Care Models at Home  
Room: Adams B

**M** What Does Site of Care Have To Do With It?  
Room: Cottonwood 8-9

**RC** Negotiations and Payer Relationships  
Room: Maple 3-5

4:10 p.m. - 4:40 p.m.

**N** Understanding Nursing Workload in Infusion Therapy: A Multi-Center Time Study  
Room: Adams C

**L** From Surveys to Strategy: A Data-Drive Path  
Room: Adams B

4:10 p.m. - 5:10 p.m.

**C** **N** Conducting Root Cause Analysis and Corrective Action Plan  
Room: Adams D

**M** PN Therapy: Success or Jeopardy  
Room: Cottonwood 8-9

**RC** Fixing Intake to Fuel Your Revenue Cycle  
Room: Maple 3-5

4:50 p.m. - 5:20 p.m.

**N** Workforce Safety: Building an Industry-Leading Model  
Room: Adams C

**L** Smart Infrastructure for Ambulatory Infusion Success  
Room: Adams B

5:30 p.m. - 6:15 p.m.

**L** *Infusion Side Chat* | From Care Plans To Corporate Strategy: Advancing Clinical Leadership  
Room: Adams B

**RC** *Infusion Side Chat* | AI in Revenue Cycle Management: From Claim Creation to Claim Adjudication  
Room: Cottonwood 8-9

5:30 p.m. - 6:30 p.m.

**C** *Session Connection* | Risk Management Simulation for Clinical Teams  
Room: Adams D

**RC** *Session Connection* | Contract Does Not Guarantee Payment  
Room: Maple 3-5

# Education Sessions

## Tuesday, April 21

### 9:00 a.m. - 10:30 a.m.

- C N** 30/30/30: The Clinical Team's Welcome Call: Supporting Patient's Transitioning to New Biosimilar Infusion  
Room: Adams D
- N** 30/30/30: INS Standards Relating to VADs in the Home  
Room: Adams C
- L** 30/30/30: Building the Dream Team  
Room: Adams B
- M** 30/30/30: Building Bridges Between Intake and Sales  
Room: Cottonwood 8-9
- RC** 30/30/30: Untangling AIC vs AIC vs Home Sites of Care  
Room: Maple 3-5

### 3:00 p.m. - 3:30 p.m.

- C N** Integrating Home Infusion Care Following Autologous Hematopoietic Stem Cell Transplant: Clinical Trial to a Standard of Care  
Room: Adams D
- N** Infusing Compassion for Children with Special Needs  
Room: Adams C
- L** Clinical Administered Mayhem: From CAM to Home Infusion  
Room: Adams B

### 3:00 p.m. - 4:00 p.m.

- M** Crafting Referral Outreach Strategies that Resonate  
Room: Cottonwood 8-9
- RC** Every Piece Matters: Solving the HPEN Claims Puzzle  
Room: Maple 3-5

### 3:45 p.m. - 4:15 p.m.

- C N** First Dose Safety and The Allergy: Anaphylaxis Divide  
Room: Adams C
- N** Tiny Veins: Big Decisions: Pediatric Vascular Access  
Room: Adams C
- L** Making Metrics Meaningful: Beyond the Data  
Room: Adams B

### 4:30 p.m. - 5:15 p.m.

- C N** *Infusion Side Chat* | Thriving as a Resilient Caregiver and Clinician  
Room: Adams B
- M** *Infusion Side Chat* | What's My Line? Enteral & Venous Access Devices  
Room: Cottonwood 8-9

### 4:30 p.m. - 5:30 p.m.

- L** Keynote Leadership Workshop: From Framework to Practice  
Room: Adams B
- N** *Session Connection* | Nurse Workforce Simulation for Home Infusion Excellence  
Room: Adams C
- RC** *Session Connection* Stacking the Pieces: Hot Topics in HPEN and Site-of-Care  
Room: Maple 3-5

## Wednesday, April 22

### 8:30 a.m. - 10:00 a.m.

- C N** Stay or Go: Two Tales of Resilient Infusion Leadership  
Room: Adams D
- M** A Brand in Demand  
Room: Cottonwood 8-9
- RC** Better Denial Management with Simple AI Models  
Room: Maple 3-5

# Posters

The Annual Poster Session **Monday, April 20, 1:00 p.m. - 2:30 p.m.** provides an opportunity to interact face-to-face with authors, ask questions, discuss findings, and share information. ★ = **Outstanding Abstract Achievement Award Finalist**

- 1 Evaluation of AUC Versus Trough-Based Vancomycin Monitoring in Outpatients
- 2 Study Design of the NUTRI-GUARD Trial – A Phase 3 Adaptive-Design Trial Comparing Catheter Locking Solutions of Tauridine and Heparin vs. Heparin Only on Central Line-Associated Bloodstream Infections in Adults Receiving Parenteral Nutrition via a Central Venous Catheter
- 3 Patient Satisfaction Survey Response Patterns in Home Infusion: Comparing Acute and Chronic Therapy Durations
- 4 Read World Observations in Patients Receiving Intravenous Infliximab for Sarcoidosis in the Home Infusion Setting
- 5 Read World Observations of Home Infusion Therapy for Gastrointestinal Disease Through the Use of Patient-Reported Outcome Measures
- 6 Retrospective Review of the Utilization and Clinical Monitoring of Immunoglobulin Therapy in Patients with Stiff-Person Syndrome in a Home Infusion Setting
- 7 Prescribing Patterns of Subcutaneous Immunoglobulin within a Home Infusion and Specialty Infusion Pharmacy
- 8 Adverse Drug Reactions and Nursing Competence in Immunoglobulin Therapy: Results of the IgNS Patient 360 Longitudinal Survey
- 9 The Impact of Nursing Competence on Quality and Safety of Immunoglobulin Therapy
- 10 Safety and Tolerability of a New Intravenous Immunoglobulin 10% in Adult Patients with Primary Immunodeficiency
- 11 Pharmacokinetics of a New Intravenous Immunoglobulin 10% in Patients with Primary Immunodeficiency
- 12 Treatment Transitions in CIDP: Real-World Patient Experience of Switching from Ig to Efgartigimod-Hyaluronidase
- 13 Weaning Medicare Patients from HPN: Can Supporting Documentation Prevent Financial Recoupment?
- 14 Real-World Evaluation of Intravenous Human Immunoglobulin (Immunoglobuline human-dira 10%) in Secondary Immunodeficiency: Tolerability and Clinical Outcomes
- 15 Steady-State IgG Subclass, Measles-Neutralizing, and Pathogen-Specific Antibody Trough Levels With 10% IVIG Under 3- and 4-Week Infusion Schedules in Primary Immunodeficiency
- 16 Evaluation of Blinatumomab Use and Tolerability in Home and Alternate Infusion Site Patients
- 17 The Role of Intravenous Hydration in Safe Initiation of Home Parenteral Nutrition
- 18 Clinical Use and Tolerability of Cefiderocol in Outpatient Parenteral Antimicrobial Therapy
- 19 Compared Tolerability and Utilization of Rituximab and Biosimilars
- 20 Identifying and Correcting Missing Parenteral Nutrition Order Components During Transitions of Care
- 21 Evaluating the Use of Antimicrobial Locks in Home and Alternative Sites
- 22 The Evolving Off-Label Use of Subcutaneous Immunoglobulins
- ★ 23 Patient Safety During Critical Intravenous Solutions Shortage: A Home Infusion Provider's Collaborative Strategy
- ★ 24 Discontinuing Heparin Flushes in the Home Setting
- ★ 25 Not All Fats are Equal: Evaluating Lipid Emulsions and Unplanned Hospitalizations in Home Parenteral Nutrition Patients
- ★ 26 Real World Observations on Symptom Response and Tolerability of Intravenous Immunoglobulin in Patients with Inflammatory Myopathies Through a Nurse-Led Outcomes Monitoring Program in Home Infusion Setting
- 27 Weathering the Storm: Preserving High Quality Patient Care Using Conservation Strategies During Parenteral Nutrition Shortages
- 28 Assessing the Home Enteral Nutrition Education Gap
- 29 Quality of Life in Home Parenteral Nutrition: Patient Survey Following Transition to a New infusion Pump
- 30 Empowering Safe Home PN Starts: Pharmacy Collaboration in a Complex Case of Hyperemesis
- 31 Utilization and Tolerability of Eptinezumab for Chronic Migraine in Home Infusion Patients
- 32 Closing the Gap: A Collaborative Approach to IFT-HIP Communication for Timely Home Parenteral Nutrition-Related Interventions
- 33 Clinical Approach to Dosing Patients with Primary Immunodeficiency
- 34 Assessment of the Aggregation Profile of Commercially Available Intravenous Immunoglobulin Products
- 35 Ambulatory Pump Transitions in Pulmonary Arterial Hypertension: A Patient and Nurse Experience
- 36 Evaluating the Adoption and Outcomes of a Vancomycin Dosing Protocol in the Home Infusion Setting
- 37 Ambulatory Infusion Adverse Drug Reaction (ADR) Prevalence and Workflow Standardization
- 38 Process Improvement Engagement Is the Key to Operational Excellence: A Pilot Study
- 39 Sweet Relief: How Imported Glucose Solutions Can Help Alleviate Parenteral Nutrition Component Shortages

Supported by  Tenrr

12:50 p.m. - 1:20 p.m.

## Optimizing Patient Engagement that Drives Cash Recovery and Operating Efficiency with COLLECTPlus!

---

**Presenter:** Bruce Gehring – SVP Business Development, Allegiance Group

This session highlights the best practices that optimize patient engagement, driving cash recovery and operating efficiency. Starting with strong well-defined policies and procedures that will unlock the full power of your billing and collection technology. We will review how the COLLECTPlus automated workflow consistently delivers effective communication preferred by the patient with a variety of payment options that result in faster and more guaranteed payments. COLLECTPlus enables your staff to spend more meaningful time with patients making a lasting impact on their lives – while improving your bottom line. Don't miss this opportunity to elevate your business!

IGNITING POSSIBILITIES

1:25 p.m. - 1:55 p.m.

## The Smart Home Infusion Pharmacy: Leveraging Technology & Automation to Elevate Sterile Compounding Compliance

---

**Presenter:** Annie Lambert, PharmD, BCSCP – Clinical Program Manager, Wolters Kluwer Health

Today's infusion pharmacies are becoming smarter—much like the modern “smart home.” This session explores how technology-enabled sterile compounding can transform the smart home infusion pharmacy, where digital tools, automation, and data intelligence strengthen

safety, improve efficiency, and simplify USP <797> compliance. Attendees will learn how current technologies are already reshaping how home infusion pharmacies operate. We'll also look ahead to innovations emerging across the infusion and compounding landscape. This session will highlight what's possible today, what's coming next, and how home infusion providers can build a future-ready, tech-enabled compliance program that thrives amid staffing challenges, patient complexity, and regulatory expectations. This Learning Lab will help teams visualize what a truly “smart home infusion pharmacy” looks like and how to take steps toward realizing it.

Supported by  Wolters Kluwer

2:00 p.m. - 2:30 p.m.

## From Paperwork to Precision: AI Transforms Infusion Workflow

---

**Presenter:** Joy Liu – Founder and Chief Executive Officer, Plenful

Infusion centers are under increasing pressure as demand for complex therapies continues to rise, while staffing shortages and fragmented administrative systems slow access to care and strain already thin margins. Manual intake, benefits verification, and prior authorization workflows remain major bottlenecks—often delaying time-to-therapy by days and limiting an organization's ability to scale.

In this session, we'll explore how infusion teams are using AI and automation to relieve administrative burden while preserving clinical oversight. Through real-world examples, attendees will see how human-in-the-loop AI can accelerate referrals, prior authorizations, and documentation workflows, while delivering the data visibility leaders need to improve throughput, optimize capacity, and prepare their organizations for the next phase of AI adoption in infusion pharmacy.

11:20 a.m. - 11:50 a.m.

## Brightree Pharmacy: Automated, Intelligent, Connected

---

**Presenters:** Jennifer Keiser, B.S., A.L.M. –  
Senior Director, Pharmacy Product  
Management, Brightree

Kim Becker – Clinical Product  
Manager, Brightree

Addison Perrymond – Head of Product  
Management, Brightree

Join us for a product showcase where we will unveil the latest advancements in Brightree's infusion and specialty pharmacy platform. Explore how Brightree can be your trusted partner, with proven solutions designed to maximize clinical excellence, streamline employee workflows and create a personalized, intuitive experience for your staff and your patients. Discover how Brightree is taking automation to the next level with innovative AI-powered solutions for your most time-consuming tasks. Learn how our platform enables a more holistic and connected environment, seamlessly integrating with partners to speed information exchange and enhance collaboration. Step into an innovative future built on trust and connected, patient centered care.

by ResMed

11:55 a.m. - 12:25 p.m.

## Prep, Protect, Secure: Reducing Home Infusion Complications

---

**Presenter:** Joseph Hommes, BSN, RN, VA-BC  
Medical Liaison, Solventum

As infusion therapy and vascular access shift to the home, infection, securement, and skin risks increase. This learning lab reviews home infusion challenges and technologies designed to support safe, reliable vascular access management.

Supported by  solventum

12:30 p.m. - 1:00 p.m.

## AI or BPO? How Home Infusion Leaders Spot Real Automation vs BPO Disguised as AI

---

**Presenter:** Eesha Sharma, PhD –  
CEO, Lamar Health

This session is designed for home infusion leaders navigating rising referral volumes, staffing constraints, and increasing payer complexity. Instead of focusing on hype, we'll break down where AI is actually improving workflows like intake, benefits verification, and prior authorization—and where it simply shifts manual work behind the scenes.

Attendees will learn how to map workflows, evaluate ROI and implementation risk, and understand how automation can support scalable growth across clinical, operational, and administrative functions. Using real-world examples from home infusion organizations, this session will highlight how leaders are improving throughput, reducing friction, and building sustainable operating models without adding headcount.

Supported by  Lamar Health

As of March 18, 2026

# Exhibitor Exchange

**MONDAY, APRIL 20 | 5:30 p.m. – 6:30 p.m.**

## There's No Place Like Home: Home Parenteral Nutrition for Patients with Cancer

Room: Cottonwood 1

**Presenter:** Elisabeth Biggs, MS, PA-C, RD, CNSC – Medical Science Liaison, Fresenius Kabi USA, LLC

Parenteral Nutrition is an important part of care at home for oncology patients. In this session, we will review Indications for use of PN, including HPN, in oncology patients, discuss the safety of PN in oncology patients and examine data on QOL in patients with cancers receiving HPN.

Supported by  **FRESENIUS KABI**

## AI Roundtable: Identifying High Impact Opportunities for AI in Home Infusion

Room: Cottonwood 2

**Presenter:** Ann Hawkins

This interactive session helps pharmacy and clinical leaders pinpoint where AI can meaningfully improve efficiency and care delivery. Through guided discussion and hands on workflow mapping, participants identify their biggest operational pain points and highlight where AI could streamline processes, enhance user productivity, and enable predictive insights.

Supported by  **WellSky**

**TUESDAY, APRIL 21 | 4:30 p.m. – 5:30 p.m.**

## Logistics Happy Hour: Don't Think About the Last Mile at the Last Minute

Room: Cottonwood 1

**Presenters:** Derrek Seif – Chief Strategy and Product Officer, VPL

Jason Jacobs – Chief Operating Officer and Founder, Virtue Technologies

Logistics shouldn't be an afterthought. For many pharmacies, it is a top three expense and it supports your most valuable inventory. Join VPL and VirtueScript to see how smarter shipping programs cut costs, save staff time and scale with growth. We'll share case study examples of teams scaling from couriers to carriers, gaining full logistics visibility and managing delivery risk all in one place. Drinks and snacks are on us!

Supported by  **VPL**  **Virtue TECHNOLOGIES**

## Emerging Administration Options in Multiple Sclerosis Therapy

Room: Cottonwood 2

**Presenter:** Angela H. Holian, PharmD, BCPS, MSCS – Ambulatory Clinical Pharmacist, Neurology, University of Virginia Specialty Pharmacy, Charlottesville, VA

Learn about the emerging administration option, OCREVUS ZUNOVO®, and its differences compared to OCREVUS [IV]®. This session includes a demonstration of the dosing and administration of OCREVUS ZUNOVO®, as well as an overview of available patient education resources for you, your practice, and your patients.

Supported by  **Genentech**  
A Member of the Roche Group

# Breakfast Symposium

**TUESDAY, APRIL 21 | 7:15 a.m. – 8:45 a.m.**

## Breakfast Symposia IgNS: Beyond Primary: The Complexities of Secondary Immunodeficiencies

Room: Cottonwood 6-7

**Presenters:** Antoine Azar, MD – Associate Professor of Clinical Medicine, Immunology, Johns Hopkins

Amy Ehlers, BS, PharmD, CSP, IgCP® – Senior Vice President, Clinical Services, Nufactor Specialty Pharmacy

This session will review the etiology, prevalence, and clinical implications of secondary immunodeficiency, with emphasis on iatrogenic and therapy-related drivers. The session outlines screening windows, laboratory evaluation, and risk-stratification strategies to distinguish transient from persistent immune suppression and guide appropriate intervention. Learners gain practical frameworks for interdisciplinary decision-making, including when to consider antimicrobial prophylaxis or immunoglobulin replacement therapy to improve patient safety and outcomes.

Breakfast will be served from 7:15 a.m. - 7:45 a.m. Symposium will start at 7:45 a.m., offering 1 CE credit.

Supported through an unrestricted educational grant by:

(855) 858-5214  
<http://www.alayacare.com>  
[sales@alayacare.com](mailto:sales@alayacare.com)

#### Medical Software

AlayaCare is a comprehensive, cloud-based platform designed for home infusion and specialty pharmacy organizations that need to coordinate complex therapies across pharmacies, nursing agencies, and mobile IV teams. Our end-to-end solution supports every step of the workflow: digital referral intake, eligibility and onboarding, treatment planning, intelligent nurse scheduling and route optimization, point of care documentation on mobile, GPS and time stamped visit verification, inventory and medication tracking via integrations, and streamlined revenue cycle management. Built with end users in mind, AlayaCare

helps infusion nurses document pre and post infusion assessments at the bedside, while back office teams gain real-time visibility into visit status, clinical outcomes, and reimbursement. Integrated analytics and configurable dashboards make it easier to report on adherence, adverse events, procedure tolerance, and operational KPIs. By replacing paper and fragmented systems with a single, connected platform, AlayaCare helps infusion organizations reduce administrative burden, stay compliant, and deliver safer, more coordinated care wherever patients live.

Innoviva Specialty Therapeutics, Inc. a subsidiary of Innoviva, Inc. (NASDAQ: INVA), is a Boston-based biopharmaceutical company dedicated to advancing care for patients facing serious infectious diseases and life-threatening conditions in critical care settings. The company develops and commercializes differentiated, hospital-focused therapies that address urgent and often

difficult-to-treat unmet medical needs, including four FDA-approved antimicrobial agents and a novel vasopressor for patients with septic or other distributive shock. Through its expanding portfolio, Innoviva Specialty Therapeutics plays a vital role in improving outcomes for some of the most vulnerable patient populations. pxinfo@caremetx.com

**Other**

PX Connect is a centralized, easy-to-use platform designed to eliminate the bottlenecks that slow patient access to care. By streamlining benefits verification, prior authorization, manufacturer enrollment, and patient consent, PX Connect provides a single source of truth for financial clearance information. With automated PM/EMR integrations, PX Connect syncs data seamlessly and consolidates onboarding tasks, reducing manual work and errors. Centralized patient tracking keeps authorization status visible in one place, while proactive management tools and timely notifications help teams move patients through the process faster—resulting in quicker scheduling and improved care coordination. Built to support both providers and patients, PX Connect simplifies complex workflows so care teams can focus less on administrative hurdles and more on delivering timely, high-quality care.

[brian.crawford@splashblocker.com](mailto:brian.crawford@splashblocker.com)  
[Group Purchasing/Distributors, Medical Supplies and Devices, USP Compliance](#)

Splashblocker, LLC provides evidence-based clinical safety resources for home infusion providers and specialty pharmacies focused on USP <800> hazardous drug (HD) containment. Our Keep My Family Safe™ Program offers a prescribable, portable engineering source control designed to block toilet plume aerosols and mitigate the spread of HD residues in shared

living environments. With research in the American Journal of Clinical Oncology (2025) highlighting a 9x greater mortality risk from infection during the first year of diagnosis, environmental source control is essential. Validated by a 15-hospital study published in the JOEH (2024) showing a 99.98% reduction in toilet plume aerosols (p = .0002), this program empowers clinicians to bridge the gap in the continuum of care and ensure rigorous safety standards follow the patient into the home.

*Infusion Pumps, Medical Supplies and Devices*

Triac Medical Products is a U.S.-based company with over 30 years of experience designing carrying solutions for ambulatory IV, oxygen, elastomeric, and enteral feeding therapies. Our backpacks, pouches, and packs are created with patient mobility, comfort, and discretion in mind, serving users from pediatric through geriatric care. All products are designed in Logan, Utah, where we work closely with clients to develop custom solutions, private labeling, and specialized designs. Triac is committed to quality, reliability, and supporting patients who need to stay mobile while receiving life-sustaining therapies.
