CONFERENCE OBJECTIVES

- To discuss the latest research and regulatory developments relevant to the field and critically evaluate the implications for patients, clinicians, administrators, and policy makers in managing the opioid epidemic;
- To disseminate innovative and evidence-based initiatives to better serve patients and providers, improve program development and administration, and enhance patient outcomes;
- To promote strategies that assist healthcare partners and collaborations by advancing their understanding and acceptance of medication for the treatment of opioid use disorder as a crucial element of community wellness and response to the opioid epidemic;
- To facilitate the collaboration between Opioid Treatment Programs and community partners in response to the heightened risks associated with the use of opioids;
- To strategize approaches to promote, support, facilitate, and integrate medication for the treatment of opioid use disorder into the judicial and penal systems, government, social service organizations, and mainstream medicine;
- To identify the long-standing misinformation and stigma and promote the acceptance of quality comprehensive medical treatment for opioid dependence throughout the continuum of care to effectively manage the nation’s opioid crisis.

FROM THE CONFERENCE CHAIR

Dear Friends and Colleagues,

We are pleased to invite you to join us in beautiful Walt Disney World, Florida, for the 2019 AATOD Conference. Our theme, Out of the Shadows: Managing the Opioid Epidemic through the Continuum of Care, comes at a time when the nation is facing unprecedented loss of life due to opioid related overdoses.

Please join us in sunny Florida at the world’s premier training and educational event to meet and engage with some of the leading experts from within the field and beyond.

See you there!

G. Davy Kneessy, MS
Conference Chair

SPECIAL NEEDS

The American Association for the Treatment of Opioid Dependence, Inc. wishes to take steps to ensure that no disabled person is excluded, denied services, segregated, or otherwise treated differently than other individuals because of the absence of auxiliary aids and services. If you require any auxiliary aids or services identified in the Americans with Disabilities Act, please indicate so during the registration process.

Information included in this publication is subject to change.
CONFERENCE OBJECTIVES

• To discuss the latest research and regulatory developments relevant to the field and critically evaluate the implications for patients, clinicians, administrators, and policy makers, in managing the opioid epidemic.

• To disseminate innovative and evidence-based initiatives to better serve patients and providers, improve program development and administration, and enhance patient outcomes.

• To promote strategies that assist healthcare partners and collaborations by advancing their understanding and acceptance of medication for the treatment of opioid use disorder as a crucial element to community wellness and response to the opioid epidemic.

• To facilitate the collaboration between Opioid Treatment Programs and community partners in response to the heightened risks associated with the use of opioids.

• To strategize approaches to promote, support, facilitate, and integrate medication for the treatment of opioid use disorder into the judicial and penal systems, government, social service organizations, and mainstream medicine.

• To identify the long-standing misinformation and stigma and promote acceptance of medication for the treatment of opioid use disorder as a crucial element to community wellness and response to the opioid epidemic.
